

Michael Schramm, Director of IT and Research

Michael Schramm, is the Director of Information Technology and Research at the Cuyahoga Land Bank as well as a Research Associate at the Center on Urban Poverty and Community Development in the Mandel School of Applied Social Sciences at Case Western Reserve University in Cleveland. At the County Lank Bank, Michael is currently developing information tools to help the corporation use data to make strategic acquisition decisions as well as track property status from acquisition to demolition to disposition. Recognized as a national expert in property data systems, Michael is also extensively involved in the development and maintenance the neighborhood information system, [NEO CANDO](#) (Northeast Ohio Community and Neighborhood Data for Organizing). Michael's expertise on foreclosure, subprime mortgages, and other real property data has been extensively utilized by the Neighborhood Stabilization Team sponsored by Neighborhood Progress, Inc, the Cuyahoga County Foreclosure Prevention Program as well as the City of Cleveland and Cuyahoga County. He is also active in the local foreclosure and vacant property dialogue through VAPAC (Vacant and Abandoned Property Action Council) and has presented at numerous national meeting and conferences on these topics. Michael has B.S. degrees in Geography and Meteorology from Penn State University and a M.A. in Geography from Syracuse University.
